

Easter Basket Hanging Decoration

1. Colour the Easter eggs, basket, chicks and their beaks on the template. Carefully cut them out. (Be especially careful as you cut out the inside of the basket's handle.)
2. Once you have cut out the pieces, you can start sticking the Easter eggs into the basket.
3. Next, position the three chicks in front of the eggs in the basket before sticking them down.
4. Finally, fold the three beaks in half before sticking them onto the chicks. Now the chicks' beaks should look like they are open!
5. All you need to do is stick on some sequins, feathers and wrap a pipe cleaner around the top of the basket to complete it. Now just hang it up and wait for Easter to arrive!
