Sight word reader: The Easter Egg Hunt I have attached worksheets that might be useful to provide a quiet, written activity when you need one! Please don't feel that they must be done. <i>Make sure the children point to each word as they read. After a couple of days reading the reader, if you are looking for an extra challenge, print off the reader and cut the sentences from the pictures, see if your child can match the sentence to the picture. Alternatively, write out one sentence from the book and cut it up, ask your child to put the sentence into the correct order.</i></p> <p>Handwriting: 'ou' page</p> <p>Oral Language: Help your child take charge of their learning and day by asking them to plan out activities they would like to do. At the end of the day, get them to recall some of their favourite activities of the day and why. Phone calls to loved ones and friends will really help their language skills but more importantly will keep them feeling connected.</p> |
